

U14D End of Season Report for 2011 season

For the Boroondara Eagles, boys U14 D, the season began with great promise, but injuries and sickness turned all the promise into missed opportunities.

It was a funny season in which we were the first team to take a point from the top team and yet we were also the first team to give a point away to the bottom team!

Injuries played havoc with team balance during the year but overall, it was a great season with some fine performances both by individuals and by the team as a whole.

The boys played with spirit and determination and this spirit was never more evident than when the team wanted to play against Cardinia, even though we only had 8 players available.

We could have forfeited the match and given Cardinia a 3-0 result, but the boys wanted to play for points. We played and even though we lost 8-0, it was a courageous game and a credit to the fighting Eagles, as a team.

Overall, it was a year of team development and it leaves one wishing for the new season to start as soon as possible! We had a magnificent Team Manager in Lou Bergamin and wonderfully encouraging parents – a big thanks to all for a great season in 2011.

Coach out!
